It is our goal to embrace as many of Saddle Brook’s youngest learners into our Pre-K 3 & 4 programs; however we are committed to keeping class sizes at levels most appropriate to meet their needs. For this reason, we have a fixed number of seats available in each session. All Pre-K 3 students moving to Pre-K 4 will be given top priority in securing a spot within the Pre-K 4 program. All other parents who are interested in securing a spot in the Pre-K 4 program will be selected based on a lottery system. All new Pre-K 3 registered students will be selected through our lottery system as well. At this time the lottery will only be available to current Saddle Brook residents. Should we have additional spots available we will consider opening up to out of town students.

#### **Please see procedures below for the district’s lottery system:**

- At the close of the registration period on April 30, 2024 all applications will be placed in a pool and names will be randomly selected.
- It is our hope that we can accommodate all students and we will offer a “second choice” as an option during the online registration process.
- Parents will be notified of their child’s assignment no later than May 10, 2024.
- Should we have any remaining seats following the close of registration, we will reopen registration.

Before and after care for Pre-K students is available through AlphaBEST. You can learn more about that program by clicking [here](#).
