

Saddle Brook School District

Achieving Excellence

2019 Summer Enrichment Program Grades 5 thru 8

This summer the Saddle Brook School District will be offering classes in mathematics and language arts. These classes will focus on reinforcement of concepts within the standards of each of these subject areas. Saddle Brook students entering grades 5 through 8 for the 2019-2020 school year are welcome to attend. Classes will be held at the high school facility and taught by our certified staff members.

Classes in Language Arts will run for a three week period from Monday to Thursday.. Classes will be offered at two levels; grades 5-6 and grades 7-8. Classes in Mathematics will run for two week periods from Monday to Thursday. They are recommended for students at three grade bands: grades 5-8, grades 6-8 and grades 7-8. They can be used as review of content at or below grade level or enrichment for content above grade level. There are NO FRIDAY sessions for Language Arts or Mathematics. Students may register for multiple classes. Dates and times are listed below with each class description on the registration pages attached.

If you have any questions or concerns about the program, please feel free to contact me at vmilitello@sbpsnj.org or call the main office at 201-843-2880 ext. 1400.

Sincerely,

Valerie Militello,

Mathematics Teacher
