# Major Changes

- All students attend class in the morning - whether in person or on Google Meet
- Afternoons are for independent assignments and office hours
- No more Genesis check ins - teachers take attendance during morning class time

# Specific Courses

- Bergen Tech - Communicate with teachers and counselor regarding conflicts
- Certain labs and art classes may continue the Phase I schedule model - that direction would come from the teachers.
- Band/Choir - Unique schedule to get the entire band and choir together if possible

# Why we choose a four period day?

- Continuity - times remain the same
- More instructional time (10 mins more per class/week)
- Less movement within the building (changing classes 3 times vs 7 times)
- Allows children to continue arriving late and leaving early for lunch which keeps our capacity, arrival, and dismissal limited.
- Less lost time for attendance, logging onto meets, etc.
